Professional Experience

Client Systems Engineer

Sept. 2015 - July 2017

Epic Systems, Technical Services – Hyperspace & Desktop

- Worked with teams from various Healthcare organizations to ensure the successful deployment and maintenance of the Epic EMR client infrastructure.
 - Assisted IT community members with troubleshooting and resolving issues with the Epic EMR client application, Windows Server OS's, and third-party integration with our product.
 - Stood up and maintained XenApp farms for community members that allow Epic to host their client infrastructure.
 - Wrote and maintained Windows PowerShell scripts in order to automatically deploy a XenApp farm.
 - Contributed a module to our Epic.Support scripts to allow us to better track our community members' deployment software and hardware.
 - Owned and improved the processes to internal Client Systems XenApp loaner farms for QA development testing
-

Projects

Aperture (Ruby on Rails, PostgreSQL, React, Redux)

[Live](#) | [Github](#)

A fullstack, single-page application inspired by 500px, a photography community app

- Applied Masonry.js to create reactive, image grid layouts for user-uploaded photos
- Utilized React's virtual DOM with a Redux store to sync state changes from database using RESTful API calls
- Stored photos on AWS S3 via the Paperclip and AWS-SDK gems to retain references in a PostgreSQL database

Square Boi (HTML5 Canvas, JavaScript, Webpack)

[Live](#) |

[Github](#)

A browser-based 2D platformer with wall-climbing physics built with Javascript

- Utilized HTML5 Canvas and JavaScript in order to render levels and player model for end user interaction
- Implemented collision detection allowing players to climb surfaces and jump between platform sides to collect coins

QueryableJS (JavaScript)

[Demo](#) | [Github](#)

DOM manipulation library demonstrated with the classic game, Tic-Tac-Toe

- Created a JavaScript library to manage core DOM manipulation functionality, event handling, and AJAX requests.
-

Certifications and Skills

CCA | Citrix XenApp 6.5 Certified Administrator

CCA 1Y0-A20

MCP | Microsoft Certified Professional

Exam 70-410

ECSA | Epic Client Systems Administration 2015

ECSA 2015

JavaScript | **React** | **Redux** | **Ruby** | **Rails** | **SQL** | **HTML5** | **CSS3** | **Git** | **PowerShell** | **Microsoft Server** | **Citrix XenApp** | **Citrix XenServer**

Education

App Academy, 2018

1000+ hour full-stack web development course with a <3% acceptance rate

Stony Brook University, 2015

BS, Information Systems: Specialization in System and Network Administration
